TO: All Interested Parties

REQUEST FOR COMMENTS ON THE REVISED MODEL WATER QUALITY MANAGEMENT PLAN GUIDANCE FOR SAN BERNARDINO COUNTY AND THE INCORPORATED CITIES OF SAN BERNARDINO COUNTY WITHIN THE SANTA ANA REGION

On January 9, 2004, the draft Model Water Quality Management Plan (WQMP) Guidance, dated December, 2003 was public noticed for review and comment. A copy of the revised Model Water Quality Management Plan (WQMP) Guidance, dated March 24, 2004 and the response to comments on the draft WQMP, submitted by the San Bernardino County permittees pursuant to Order No. R8-2002-0012, NPDES No. CAS 618036, are now available for review at our website. The Model WQMP Guidance outlines the permittees' plan to manage urban runoff from new development and significant redevelopment projects. We request that comments on this draft be submitted to us and the County by **April 9, 2004**. Please direct comments to me at the letterhead address as well as to the attention of Matt Yeager, San Bernardino County Flood Control District at 825 East Third Street, San Bernardino, CA 92415-0835.

If there are remaining significant issues, the Board will hold a public hearing to consider these issues. The public hearing in this matter is tentatively scheduled as follows:

DATE: April 30, 2004
TIME: 9:00 a.m.
PLACE: Cucamonga County Water District
10440 Ashford Street
Rancho Cucamonga, CA 91730-3057

Although all comments that are provided up to and during the public hearing on this matter will be considered, receipt of comments by April 9, 2004, would be appreciated so that they can be considered for use in the formulation of the final plan. The final plan may contain changes resulting from comments received from interested parties.

To view and/or download a copy of the revised Model WQMP Guidance, please access our website at <http://www.swrcb.ca.gov/rwqcb8/html/sb-permittee.html>

If you have any questions, please call me at (909) 782-4419, Muhammad Bashir at (909) 320-6396, or Mary Bartholomew at (909) 321-4586.

Sincerely,

Milasol Gaslan, Chief
Inland Storm Water Unit

California Environmental Protection Agency
